ORIGINS

In 1890, Agostino Vallebona started trading Sardinian bottarga and olive oil with the north of Italy and Spain. Trekking for days, sleeping in shepherds' huts in exchange for chunks of cheese, the family business was born.

Now from our beautiful shop in Wimbledon Village, we remain true to our heritage, offering only the most carefully sourced products and providing first class customer care and service.

A woman with blonde hair, wearing a blue button-down shirt and light-colored pants, stands in a lush green field. She is surrounded by numerous goats with long, curved horns. The background features rolling green hills and distant mountains under a clear sky. The text "OUR PRODUCERS" is overlaid in white, sans-serif capital letters across the center of the image.

OUR PRODUCERS

PRODUCERS

Our secret:

- ❖ We invest in working alongside a select number of exceptional, **small-scale producers** and farmers throughout Italy and Japan.
- ❖ We source only **natural, organic, and sustainable** products from pesticide-free producers with whom we have built loyal relationships.
- ❖ On our shelves, in our cheese room, or served in our Vineria, we know the **provenance** of every ingredient we offer to our customers.

A photograph of a group of people dining at home. The scene is dimly lit, with warm light from candles on the table. In the foreground, a woman with blonde hair is looking towards the right, and a man in a white shirt is looking towards the left. The table is set with wine glasses, a bottle of wine, and plates of food. In the background, there are shelves filled with various bottles, likely wine or spirits. The overall atmosphere is intimate and cozy.
